## **\*\* Biodynamic Wines \*\***

One of the distinctive features of **biodynamic wines** is the abandonment of fertilizers and chemical treatments and the use of organic preparations and particular practices during its creation.

It does not necessarily have a different taste compared to the wines we are used to tasting . Although in many cases the winemaking style of many biodynamic producers favors secondary aromas (i.e. fermentative, attributable to yeasts), in fact the good news is that in most cases biodynamic wines can be as harmonious as traditional ones.

Biodynamic wines are above all **organic wines**, as all the (voluntary) certifications by the sector associations have as a prerequisite the application of the principles of agriculture and cellar practices certified as organic.

# *Home made soft drinks*

---

The **Baladin soft drinks** recreate tastes and flavors that were once traditional, but with a touch of innovation. Free from colorings or preservatives, these special drinks are devoted to those who used to children, and to new generations alike.

## *Cola BALADIN 33 cl*

“**Cola Baladin**” is a soft drinks which contains no coloring or preservative and is produced with the kola nuts bought from the “Kola Slow Food Presidium” in Sierra Leone, and part of the revenues from the its sales will be donated to the Slow Food Foundation for Biodiversity to support the Presidium project. Another important and rather odd thing about this drink: the use of these nuts, and the necessary choice not to use artificial colorings, means that this new Baladin drink has a rather “unusual” color for a cola: IT’S RED!

## *Cedrata BALADIN 20 cl*

Just a handful of great quality ingredients: water, natural brown sugar, lemon juice, carbon dioxide and the infusion of Calabria citrons, which give it the aroma and authentic flavor of Mediterranean lemons. Produced with simple and selected ingredients, it contains no colorings or preservatives: perfect for all ages!

# *Home made soft drinks*

The **Baladin soft drinks** recreate tastes and flavors that were once traditional, but with a touch of innovation. Free from colorings or preservatives, these special drinks are devoted to those who used to children, and to new generations alike.

## *Spuma nera BALADIN 20 cl*

**Spuma Nera**, or “dark Spuma” as it was once called, may be considered the “mother” of chinotto. We have chosen to go back to the traditional recipe: a basis of chinotto (a myrtle-leaf orange drink), with the addition of the reddish part of rhubarb roots and an orange zest and vanilla infusion. Like all other Baladin soft drinks, Spuma Nera is 100% natural and no colorings or preservatives are added.

# *Home made beers*

---

“From the Earth, with our Hands” is our motto. This is why we take care of our planet by choosing sustainable solutions to reduce waste at all stages of the production process of Baladin beers. From wind to solar energy, to recycling brewers grains and treating waste waters: this is how we work.

## *Nazionale blond ale BALADIN Piedmont (CN) 75 cl*

This beer has a deep yellow color, a very subtle hazy appearance and a white, fine, persistent head. Its delicate scents are a perfect example of balance between the fruity, herbaceous and malty components, and give it a light aroma that invites you to drink. A sip of Nazionale reveals a little masterpiece of connections between individual tastes. Its notes of chamomile and citrus fruits, balanced out by the gentle bitterness of Italian hops - grown and harvested on Baladin's own hop fields - make it simply complex. A clean beer that is easy to drink and will satisfy those who want to drink well, with no compromise.

## *Wayan saison BALADIN Piedmont (CN) 75 CL*

This deep yellow, slightly hazy saison has a fine, persistent head with a beautiful light cream color. The very complex scents immediately evoke flower fields and make you gently land on a sea of thyme and rosemary. As soon as the beer warms up, the vegetal scents evolve into a wonderful floral bouquet, which finishes with clear notes of ground pepper. When sipped, it releases an allegory of tastes: from sweet malt to citrusy flavors and brighter notes of spices and fresh pepper, which make you want to take a second, pleasant sip, and a third, and a fourth...

## *Super belgian strong amber ale BALADIN Piedmont (CN) 75 CL*

Super is an amber beer with a fine, light hazelnut colored and persistent head. The scent immediately reveals a nice complexity: fruity and warm notes, such as cooked plums or apples, are complemented by hints of vanilla, toffee, almonds and a delicate touch of orange. The taste confirms all the promises perceived by the nose, with the addition of notes of biscuits, almonds, nuts and a subtle spicy finish with licorice.
